Hey DEVILer... You've never run any train jokes in your funny paper. I've included a few of my favorites for your consideration. *Lionel Cho., Richland, NJ*

A man traveling by train asks the conductor what time the train stopped at Baltimore. "Sir, we don't stop at Baltimore... This train is the Philadelphia/Washington D.C. Express the conductor said.

"But I have to get off there!" he insisted.

"Well, there might be one thing I can do. I might be able to get the engineer to slow down the train a little. Then I can dangle you out the door and lower you onto the platform... Will that work?"

"It's worth a try."

As they approached the platform, the train is slowing from 50 MPH. The conductor hangs the man in mid-air out the door.

The man starts running in mid-air. "Run faster! Faster!" The conductor shouts as he lowers the man and the man's feet touch the platform. His shoes start to smoke! His heel comes off! He's running at 30 MPH. He's made it! He starts to slow down! The other passengers stare in amazement. Just as the last car goes by, a hand grabs the man by the shirt collar and lifts the man right back into the train! As he's helped back on the train the gent who picked him up says, "Man you're lucky I was here to help! This train doesn't even stop in Baltimore!"

A guy is having lunch in the train depot luncheonette and while he's waiting for his food he notices the guy sitting next to him at the counter.

This guy has seen better days. He's got a peg leg, one of his arms ends in a hook and if that weren't bad enough he's missing an eye.

"Hey", says the man. "What happened to you?"

"Well", says the other "I've been workin' on the railroad. It's a sad story really. One day while I was working the yard I slipped and my leg went under a box car so that's why I got this here peg leg."

The first man nods sympathetically.

"Then when they were taking me to the hospital the dog gone ambulance crew accidentally slammed the door on my hand and the doctors couldn't save it. Had to cut it off. That's why I got the hook."

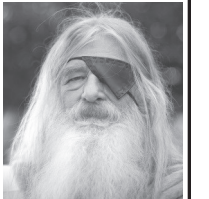

"Wow" exclaims the first guy. "That's some real tough luck! But what happened to your eye?"

"Got that when a bird flew overhead and dropped one right into my eye ball."

"Huh?"

"Yeah it was my first day home from the hospital with the hook."
