A flock of sheep romped about a field, happily "baa-baa-ing" each other, discussing life as usual, when they suddenly heard a "moo-moo." They all looked around, but saw only sheep. A few minutes later, there was another "moo-moo." Sammy the sheep knew it was the sheep right next to him.

"Lambchop," he said, "why are you mooing? You're a sheep and sheep don't moo."

Lambchop replied, "Hey, man. I'm tryin' to learn a foreign language!"

A personnel director tells the new employee, "We'll give you ten bucks an hour starting today, and in three months, We'll raise it to sixteen bucks an hour. So when would you like to start?"

Hey DEVILer, My wife is a phlebotomist at a local hospital, entered a patient's room to draw blood. Noticing an apple on his nightstand, she remarked, "An apple a day keeps the doctor away, right?" "That's true," he agreed. "I haven't seen a doctor in three days."

When a married man says, I WILL THINK ABOUT IT - what he really means is that he doesn't know his wife's opinion yet.

**The older I get the more I appreciate being home doing absolutely nothing.**

A boss announces to his staff: "I've lost a wallet with 500 dollars, if you find it, I'm offering a 100 dollars finder's fee!" A voice in the background says: "I'm offering 200!"

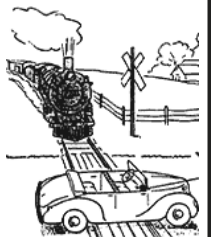

A man is sitting at home alone when he hears a knock at the front door. He opens it to find two sheriff's deputies there. One of the deputies asks if he is married.

The man replies, "Yes, I am." The deputy then asks if he could see a picture of the man's wife.

The guy says, "Sure..." and gets a photo to show them. The deputy looks at the picture and says, "I'm sorry, sir. But it looks like your wife's been hit by a freight train."

The guy replies, "I know, but she has a great personality and is an excellent cook."

## 3000 YEARS OLD STONE TABLET DISCOVERED

A team of researchers have unearthed the first known cemetery of the Philistines in southern Israel. Among the skeletons was found a stone tablet. Considered a unique find, the writings were said to be at least 3,000 years old! The tablet was brought to the museum, and archaeologists from around the world came to study the ancient symbols.

A meeting was held and after weeks of conferences to discuss the meaning of the markings. The president of the society pointed to first drawing and said:

"This is a woman. We can see these people held women in high esteem.

You can also tell they were intelligent, as the next symbol is a donkey, so they were intelligent enough to have animals help them till the soil.

The next drawing is a shovel, which means they had tools to help them. Even further proof of their high intelligence is the fish which means that during a famine, they seek food from the sea.

The last symbol appears to be the Star of David which means they were evidently Hebrews."

The audience applauded enthusiastically.

Then a little old Jewish man stood up in the back of the room and said, "Idiots...! You're all idiots! Hebrew is read from right to left... It says: 'Holy mackerel, dig the ass on that chick!'"
