We don't need to see where the staircase leads to take the first step.

The doctor tells a woman that she has only six months to live. He advises her to marry a stand-up comedian and move to Philadelphia.

The woman asks, "Will this cure my illness?"

"No," replies the doctor, "but it will make six months seem like a very long time."

Edward E., Philly, PA

Parallel lines have so much in common. It's a shame they'll never meet.

More Complaints to the Landlord:

- ✗ The toilet is blocked and we cannot bathe the children until it is cleared.
- ✗ I want some repairs done to my stove as it has backfired and burnt my knob off.
- ✗ This is to let you know that there is a smell coming from the man next door.
- ✗ Our lavatory seat is broken in half and is now in three pieces.
- ✗ Will you please send someone to mend our cracked sidewalk? Yesterday my wife tripped on it and is now pregnant.
- ✗ Our kitchen floor is very damp, we have two children and would like a third, so will you please send someone to do something about it.
- ✗ I request your permission to remove my drawers in the kitchen.

Hey DEVILer... I had a doctor's appointment today but I really didn't want to go. So.... I just called in sick.

You know you're living in the twenty-first century when:

1. You accidentally enter your password on the microwave.
2. You haven't played solitaire with real cards in years.
3. You e-mail the person who works at the desk next to you.
4. You have a list of 15 phone numbers to reach your family of 4.
5. Your reason for not staying in touch with friends and family is that they don't have e-mail addresses.
6. You go home after a long day at work and you still answer the phone in a business manner.
7. You've sat at the same desk for four years and worked for three different companies.
8. You're reading this and nodding and laughing.
10. You learn about your job redundancy on the 11 o'clock news.
11. Your boss doesn't have the ability to do your job.
13. Every commercial on TV has a website at the bottom of the screen.
14. Leaving the house without your cell phone, which you didn't have the first 20 or 30 (or 60) years of your life, is now a cause for panic and you turn around to go home and get it.
15. You get up in the morning and go online before getting your coffee.
16. Even worse, you know exactly to whom you are going to forward this message.
17. You are too busy to notice there was no #9 on this list.
18. You looked up to check that there wasn't a #9 on this list.
19. You pull up in your own driveway and use your cell phone to see if anyone is home.

Q. Why do the French like to eat snails so much?

A. They can't stand fast food.
